

# CRYSTAL MCBRIDE

## OBJECTIVE

---

To secure a career in my field of expertise as a Mathematician. To provide my future employer and colleagues with efficient and accurate services that yields a sense of trust and fulfillment.

## PROFESSIONAL PROFILE

---

Self-motivated team player and committed to professional growth

Young, enthusiastic, and goal oriented

Enjoy interacting with diverse groups of people

## EDUCATION

---

- |  |                           |              |
|--|---------------------------|--------------|
| 2004- 2007                                       | Jackson State University  | Jackson, MS  |
| <i>Mathematics</i>                               |                           |              |
| ■ Bachelors of Science in Mathematics - 05/ 2007 |                           |              |
| 2001- 2004                                       | Miss. Delta Cmty. College | Moorhead, MS |
| <i>Mathematics</i>                               |                           |              |
| ■ Associate in Arts of Mathematics - 05/ 2003    |                           |              |

## PROFESSIONAL EXPERIENCE

---

### **Major- Related Work Experiences- *Mathematics***

- |   |                                |               |
|---|--------------------------------|---------------|
| 05/ 2007- 08/ 2007  | Oak Ridge National Laboratory  | Oak Ridge, TN |
| <i>Subcontractor/ Research</i>  |                                |               |
| ■ Assisted mentor with research project involving higher level of mathematical concepts such as boundary integral equations.                |                                |               |
| ■ Attended Fortran seminars; prepared a HTML (web page), poster, research paper, oral/ PowerPoint presentation based upon research project. |                                |               |
| 10/ 2006- 05/ 2007  | Miss. School for the Blind     | Jackson, MS   |
| <i>Math tutor</i>   |                                |               |
| ■ Tutor students in the subject of Math (7-12), act as a substitute teacher/ assistant teacher; facilitates Math games.                     |                                |               |
| 09/ 2004- 08/ 2006  | Young People's Algebra Project | Jackson, MS   |
| <i>Math literacy worker</i>   |                                |               |
| ■ Facilitated/co-facilitated Math games (K-12) and acted as an assistant  |                                |               |
