

Sriram Krishnamoorthy received his B.E. degree from College of Engineering-Guindy, Anna University, Chennai, his M.S. and Ph.D. degrees from The Ohio State University, Columbus, Ohio. He is currently a research scientist at Pacific Northwest National Laboratory. His research focuses on parallel programming models, fault tolerance, and compile-time/runtime optimizations for high performance computing. He has published over 50 peer-reviewed conference and journal publications, and has received best paper awards for his publications at the International Conference on High Performance Computing (HiPC'03) and the International Parallel and Distributed Processing Symposium (IPDPS'04).
